

SOLSEL®

Pure by nature.

MULTI

Mineral lick blocks
with copper
for the supply of essential
trace elements.

(Not suitable for sheep)

The individual mineral needs of an animal can vary significantly - even within a homogenous group. SOLSEL® Multi mineral lick blocks with copper, along with basic and strength feeding, ensure an extensive fulfillment of an animal's demand through spontaneous intake via the lick blocks.

Feed material for
cattle, horses, sheep, goat and game

Composition:
94% Sodium chloride, 4.1% Calcium carbonate

Ingredients:
Sodium 37%, Calcium 2%, Magnesium 0.1%,
